The Official Vote.

The tabulation of the official vote by Secretary of State C. B. Hill shows Gov. Beckham's plurality to be 26,250 and the total vote of all candidates 439,267. The official count gives W. Godfrey Hunter a plurality of 105 for Congress from the Eleventh district. Judge Benton received 7,522 for Circuit Judge in this district and B. A. Crutcher, Commonwealth's Attorney received 7,461 votes.

In the 23rd judicial district, the official count fixes Judge Ridell's majority over Blakey at 338 and J. K. Roberts for Commonwealth's Attorney over J. P. Adams at 140.

Local Option Sunday.

The Interdenominational Temperance Executive Committee announce it has been decided to make an appeal to the pastors and churches of all denominations in the State to observe Sunday, January 10, 1904, as day upon which to urge the claims of the local option cause in Kentucky.

Railroad Casualties Increase.

Notwithstanding modern safety appliances, railroad casualties continue to increase. For the year ending June 30, 3,553 persons were killed and 45,997 injured, against 2,819 killed and 39,000 injured the year previous.

Mineral Exhibits Coming in.

Specimens to be displayed in

Kentucky's 6,000 square feet of space in the Mines and Metallurgy building at the World's Fair next year are now rapidly arriving at the Haldeman warehouse for storage until sent to St. Louis next March.

The following are some of the shipments that have already arrived: Two barrels of zinc ore from Owen county; large box of onyx from Barren county; two barrels of coke from Belle county; sack of iron ore and a barrel of clay from Hart county; stone and clay from Garrard county; clay from Rockcastle; stone from Madison, Lyon, Pendleton, Lincoln, Green and Marion counties.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Swann-Day Lbr. Co.'s. Price 50c, and \$1.00. Trial bottles free.

Successful political orators say things that sound well and mean nothing.

Thanksgiving.

For years past, the chief executive and the various governors of these United States have called upon the populace of this favored and beloved nation of ours to return thanks and observe the last Thursday in November as a sacred day of prayer and thanksgiving.

To us it seems very appropriate that such day should be so observed, and the day set apart seems equally as appropriate, for at this time of the year the crops are generally gathered and stored away, our larders are usually replenished by this time, and everything considered, it seems a most thoughtful and fitting observance.

Still there are those who do not always seem to appreciate the day properly. Some refuse to regard the day in any manner except in the usual daily vocation of business; others will observe the day only by indulging in various kinds of wickedness and riotous drinking and etc., while some look upon the day as a day of frolicing, feasting, hunting and all kinds of sporting.

The real object of the day is to provide and preserve one common day that we all might return unto our Creator thanks for his numerous favors shown and bestowed upon his unmeritorious people. There is not an individual today but what has received enough good blessings from their maker during the past year to observe this one day sacred as a day of real and true Thanksgiving and prayer, and that all mankind would do so.

Today, Thursday, November 26 has again been designated as a day of thanksgiving by the proper authorities and so let us all observe with sincerity and humility.

Some statistician has discovered that the growth of fraternal organizations has been much greater in the last twenty years than the growth of the churches, and argues therefrom that the churches are lacking in true brotherhood. Before accepting that we should have more evidence of the existence of true brotherhood in the fraternal organizations. In these days of "every man for himself and the devil take the hindmost," true brotherhood is hard to find anywhere.

John Cabell Breckinridge Hill, Secretary of State, is being urged by his numerous friends to become a candidate for Congress in this district. There is no man in the district better fitted to fill the office, or more popular with the people than Breck Hill, and

if he enters the race, will make a strong candidate.

Our Congressman F. A. Hopkins has introduced two bills in Congress one is to allow growers of leaf tobacco to stem, twist and sell the same without paying tax. The other bill provides for an appropriation of \$150,000 for the further improvement of the Tug and Louisa forks of the Big Sandy river in Kentucky and West Virginia.

While neither of the two bills are of direct interest to Powell, other portions of the district would be greatly benefitted by their passage, and it shows that we have a Congressman alert to his official duty.

In the House of Representatives there are 236 lawyers, sixty-three business men and seventeen farmers; in the Senate there are sixty-one lawyers, eighteen business men and three farmers. There are only twenty-one foreignborn members of Congress.

An Estill Boy's Promotion.

The genial editor of the Richmond Climax was recently honored by the good people of that progressive little city by being made a member of its Council.

No better selection could have been made, as Editor Ansil Daniel Miller possesses all the requisites of a popular and efficient official. Fearless, intelligent, and conscientious, the people of his adopted home will never have cause to regret the bestowal of this high honor.

Mr. Miller is the grandson of the late Ansil Daniel, M. D., who during a long and extensive practice of his profession in Estill county enjoyed the reputation of being its best physician and most distinguished citizen.

His only opportunities for educational training were those afforded by the public schools of his native village, Irvine, supplemented by an experience obtained in the various newspaper offices of this little town where he acquired a practical knowledge of the "art preservative of all arts."

From an humble compositor of a village newspaper, he by untiring perseverance, has round by round, climbed to an enviable height on the ladder of distinction, until he now fills the editorial chair of Richmond's most popular and successful newspaper, the Richmond Climax.

Ever actuated by motives of the purest character, Mr. Miller, we predict, will make for Richmond an official of whom she will always feel justly proud. D. W.

Freak Potatoes.

The other day J. Taylor Crockett brought to this office two freaks in the potato line. One was a bunch of eight potatoes, grown together, and weighing two pounds. The other was a bunch of seven potatoes, also grown together, and weighing two pounds and five ounces. They came up voluntar-

ily and grew under some straw near an old straw rick. Can any one surpass this in the ferk vegetable line?—Bath County World.

Dr. Miles' Nervine Cured
Me.

When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nervine in restoring it to health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nervine has done for me that I must tell it for that part of humanity that suffers as I have. During the three years I suffered from nervous prostration I found no relief except when doctors gave morphine. To get rid of suffering I took morphine myself as it was the only thing that would give ease, and now you, who point with scorn at morphine using, how could you, when in such agony, knowing it about the only thing that would give relief, resist it? I knew it was a terrible habit and I knew of its deadly grasp, but I never fully realized its significance until I had used it a number of months. Oh, the misery of being addicted to such a habit. I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nervine advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much someone may doubt it, God is my witness I am cured. This testimony is unsolicited but I feel it my duty to give it for the benefit of the suffering." —MATTIE PHILLIPS, Prescott, Ark.

THURSDAY, - - NOV. 26, 1903.

LOCAL BREVITIES.

A number of residences are being recovered in the city.

Miss Lizzie Mize was the guest of Miss Dora Bales at Robbins, last week.

M. G. Taylor was at Beattyville three days this week looking after some business matters.

W. G. Patrick, the accommodating Kimbrell merchant and postmaster, was in town yesterday.

Mr. H. Clay Chambers, who moved from this State to Chillicothe, Mo., has moved to Sampson, Mo.

The telephone exchange will be ready for business December 1st. We long for its proper installation.

Jesse Bowles, of the United States army in the Philippines was here Monday. He is at home on a furlough.

Dave Larison has received notice from Fort Thomas of the death of his son who was in Uncle Sam's service.

C. Shimfessel was in Winchester Monday on business and at Irvine Tuesday also looking after some business matter.

R. L. Shimfessel and family, of Hardwick's Creek, were guests of Mrs. Shimfessel's sister, Mrs. D. C. Bloom Saturday.

Mr. and Mrs. J. C. Fitch, of Lexington, were visiting the latter's mother, Mrs. J. H. Eaton, at the Clay City Hotel the last of the week.

Notwithstanding the prevailing low price of hogs, fat butcher stuff is very scarce through the country, but there is a world of pigs and shotes.

On arising early yesterday morning we found that a light snow had fallen, barely covering the ground, but it soon melted away when the sun shone out.

We have had fine hog-killing weather the past week and many swine has died as a consequence. Sausage and spare ribs are no longer a luxury with our rural friends.

The Waldron store house is at last near its future foundation. The job has been a slow and difficult one, but the building will be safely landed and ready for occupancy in a few days.

Mr. A. Shimfessel, of Hardwick's Creek, is visiting his son, C. Shimfessel, this week. Mr. Shimfessel's health is still quite feeble, and this is his first visit to the City for some time.

Another one of the Clay City Bank's fine statements is in this issue of the TIMES. The report shows the amount of over \$108,000.00 on individual deposits, a greater amount than previously reported at any time.

Mr. and Mrs. Grant Elkin, of Vienna, visited the latter's father, Mr. W. A. Hoskin, Sunday. Mr. Elkin has sold his business at Vienna to Everett Dawson, and the latter has moved from Miller's Creek and taken charge of the business.

Small-Pox in Powell.

There are six cases of small-pox on Frame's Branch and one case at the Poor Farm on Black creek.

Bought a Farm.

A. E. Barnett has purchased of R. P. Rose his farm of 400 acres near Stanton for \$2,000. On the farm there is 100 acres of bottom land and the remainder is timbered land.

Enlarging the Depot.

An extensive addition is being erected to the freight room at the depot. This has been needed for some time and will be much more convenient for both the railroad company and the patrons. The house has always been too small.

A Three-year Sentence.

Alfred Killen, who stood trial at Stanton for the killing of Caswell Bowen, at Filson Nov. 2, received a three-year sentence in the penitentiary. We have not learned whether or not the case will be appealed, but we suppose he will accept the sentence.

Taken up Estray.

Taken up a stray pale red heifer calf about 5 months old in good living condition at my place near Tipton's Ferry. Owner proving property can have same by paying charges. J. N. Burgher.

What to Do Until the Doctor Arrives.

"One of my children was taken with cramp colic and suffered severely," says S. B. Elzee, of Monett, Mo. "I telephoned for a doctor then gave a dose Chamberlain's Colic, Cholera and Diarrhoea Remedy, and a few minutes later a second dose. Before the doctor came the child was relieved." For sale by all dealers in patent medicine.

Preaching Day Changed.

We have just received a letter from Pastor J. O. Crawford stating that he will preach here Sunday (Nov. 29th—the 5th Sunday) instead of the first Sunday as previously announced.

Bright Little Children.

We have been shown two letters from little Vernon and Era McIntosh, two orphan children of J. J. McIntosh deceased now at the Masonic W. & O. Home and Infirmary at Louisville. The letters were well composed for such small children and would have been creditable for children several years older. These children are aged nine and seven years, respectfully. We regret that we haven't space to print these letters in full.

JUST WHAT YOU NEED.

Mrs. J. Herman has returned to her home at St. Louis, Mo. after a months visit to her mother, Mrs. Hockinhamer, and other relatives at this place.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an anti-septic liniment and is especially valuable for burns, cuts, bruises and sprains. For sale by all dealers in patent medicine.

Killed in Street Duel.

As a result of a street duel at Edmonton, George R. Price, a well-known attorney, was instantly killed, and his antagonist, R. E. McCandless, was dangerously wounded, having been shot four times.

The Best Remedy for Croup.

[FROM ATCHINSON, KAN., GLOBE.] This is the season when the women who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost, in case of burglars. There used to be an old fashioned remedy for croup, known as hive syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take.

For sale by all dealers in patent medicine.

Sometimes a woman has a speaking acquaintance with the woman across the street, and sometimes they know each other so well that don't speak at all.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stir up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marquette, Ill.

DECEMBER NUMBER

New Idea Woman's Magazine.

Have you ever asked yourself, in your quiet moments, "What was the happiest day of my life?" A group of clever and celebrated women have formed a symposium for the December number of the New IDEA WOMAN'S MAGAZINE and have given their several experiences during the one happiest day of their lives, and the result is exceedingly interesting. This issue is the Christmas number, and the spirit of the holiday season prevails in its pages. Valuable suggestions for gifts, for feasting and for house decoration are in evidence, and many new ideas are advanced. The number is also exceedingly rich in good fiction and verse, and is entertaining from cover to cover.
